SUMMARY

Computer Science undergraduate at KIIT with **9.06/10 CGPA** and hands-on experience building AI solutions for real-world problems. Interested in **Sales, Business Development, SaaS, and customer-facing roles**, with exposure to business analytics and management strategy. Strong in problem solving, teamwork, communication, and understanding technical products.

EDUCATION

Kalinga Institute of Industrial Technology (KIIT), Bhubaneswar
B.Tech, Computer Science & Engineering | **9.06/10** | 2023–2027

CBSE Class XII: 85.4% | 2022 **ICSE Class X:** 89% | 2020

PROJECTS

CircularAI — AI-Powered Reverse Logistics Platform | FastAPI, Gemini API, Docker

- Built an AI solution to evaluate and grade returned products using **Gemini Multimodal AI**.
- Applied AI to a real-world reverse-logistics problem and improved application reliability through retry mechanisms.

PatentLens AI — AI-Powered Patent Search | Python, Streamlit, ChromaDB

- Built a search platform covering **1,700+ patent documents** using semantic and keyword-based search.
- Improved search relevance through retrieval and reranking; reduced inference memory usage by **95%**.

RESEARCH & PRESENTATION

IEEE IC-SIT 2026 — Co-Author & Presenter
“A Unified Cross-Dataset Machine Learning Framework for Stress Prediction”

- Co-authored the paper as part of a **9-member research team**; paper accepted for IEEE IC-SIT 2026.
- Scheduled to present the paper** at the conference, developing experience in communicating technical work to an audience.

LEADERSHIP & ACHIEVEMENTS

Youth Red Cross Society, KIIT Event Management Team-Contributed to event planning and coordination while working with a student team.

Smart India Hackathon — Runner-Up Ranked **2nd out of 502 teams** at the college level.

CERTIFICATIONS

Strategy and Game Theory for Management — IIMA, IIM Ahmedabad | March 2026
Business Analytics for Decision Making — University of Colorado Boulder, Coursera | March 2026
Oracle Cloud Infrastructure Foundations | IBM AI Fundamentals | Tata GenAI Professional Certificate

SKILLS

Business: Business Development, Communication, Problem Solving, Analytical Thinking, Teamwork, Product Understanding, Research, Presentation
Technology: Python, Java, SQL, Generative AI, Machine Learning, RAG, FastAPI, Streamlit, AWS, Docker, Git
